Conflict Mineral Policy

Ohta Precision (M) Sdn Bhd is working towards ensuring that our products do not contain Conflict Minerals that have been sourced from mines that support or fund conflict within the Democratic Republic of Congo or adjoining countries.

Therefore we are committed to:

1. Identifying which OHTA products are impacted and targeting our efforts accordingly not buying products and materials containing Conflict Minerals directly from Conflict Mines;
2. Asking our suppliers to work towards ensuring that any Conflict Minerals contained in the products and materials supplied to OHTA originate from Conflict Free sources contributing to conflict-free trade by encouraging our suppliers not to discriminate against legitimate sources of Conflict Minerals

We shall ensure that this policy is communicated to all employees, clients, suppliers and the public in a clear and timely manner.
