

# OHTA PRECISION(M) SDN BHD

## **Environmental Policy**

Ohta Precision (M) Sdn Bhd is committed to the protection of the environment beyond legal and regulatory requirements. We shall adopt the globally accepted standard practices and shall take reasonable and practicable steps to eliminate negative environmental impact.

We shall ensure that the company is not exposed to Environmental risks while performing our daily business activities, and therefore we shall:

1. Develop, implement, maintain and improve the Company's Environmental Management System;
2. Provide adequate training, information and instruction on environmental protection
3. Implement effective risk control measures;
4. Minimize negative impact to our environment;
5. Ensure engagement at all levels of workforce and suppliers;
6. Comply with Environmental legal requirements and adopt industry best practices;
7. Improve environmental performance through conservation of natural resources, waste minimization and prevention of pollution;
8. Continually review and monitor environment management system and its performance;

We shall ensure that this policy is communicated to all employees, clients, stakeholders and the public in a clear and timely manner and translated into action in the organization's work procedures, materials purchasing policy, business decision making process and cascade down to the supply chain.

Takeshi Sunaga
